Located on a 2,700 m<sup>2</sup> plot, with a huge 12/5 meter swimming pool, this avant-garde property has spacious rooms and a distribution designed to live comfortably and entertain guests, perfectly combining interior and exterior spaces. The advanced home automation that controls the lighting, the entire audiovisual system and the entrances, among other systems, stands out.

Built with high quality materials, with wide spaces, huge windows 4 meters high, its high and vaulted ceilings, make this house that the exteriors merge with the interiors. Bright and bright, it has been designed to enjoy views and light throughout the day.

A beautiful path surrounded by gardens leads to the covered parking for 6 cars and further on to the entrance of this elegant residence. Special attention has been paid to details in the design and execution of the property, with large spaces, the best materials and a very practical layout.
