The ground floor of the house consists of a spacious and bright living-dining room with its nice terrace with sea view and a functional, fully equipped separate kitchen with exit to a large solana.

Upstairs there are 2 double bedrooms, a single bedroom and a family bathroom. The master bedroom has a large built-in wardrobe and terrace with panoramic views.

Sold fully furnished.

The house has suffered from rain infiltration through the roof and is in need of repair. It would be possible to use part of the solana to add another bathroom to the house.

Offered to the market at this exceptional price, the house is a very good investment as a permanent home or to rent out, given its proximity to the school and all services.

There is no community fees really, about €32/year is paid for the private street access to the houses.

IBI €120/year.

Built in 1980.
