Detached villa located 300 m from Playa de Troya in Las Americas.

A very rare opportunity to get a detached house on a plot of almost 600 m2 in a very sought after area of Playa Las Americas.

It is located in a very quiet street, with family houses, at a distance from the hotel zone. The house is built on two adjoining plots, in the form of two semi-detached houses, thus offering the possibility of 2 independent dwellings.

Each house has its own terraces, gardens and separate pedestrian accesses, but the vehicle access and parking area are in common.

Both houses have been extended on the ground floor; one for a larger living room, entrance hall and a further bedroom, and the other for a beautiful glazed dining room surrounded by the garden.

There are several storage rooms close to the main building.

Sold furnished.

Built in 1973, in need of renovation.

IBI €1.200/year.
