Bathrooms	4		

We present a truly exceptional property in the heart of Adeje, with unique features that set it apart in terms of size, location and unparalleled potential. Situated on a plot of 2568 m2, this property consists of three separate units, each offering different living spaces.

Property 1: A single storey property with 3 bedrooms, 2 bathrooms, a spacious living room and a well-equipped kitchen with stunning panoramic views, providing a cosy and elegant retreat.

Property 2: Adjacent to the main house is a separate flat with 2 bedrooms, 2 bathrooms and a cosy living room. The property has a terrace and a corner for a jacuzzi. On the upper level there is another flat with a double bedroom, living room and a huge terrace with stunning panoramic views.

Property 3: A large 183 m2 space, known locally as a "estanque" pond

The visionary owners intended to take advantage of the property's unique attributes by renting out the two flats on popular platforms such as Airbnb and Booking once the project was completed.

This extensive plot not only offers ample space for possible gardens and parking for several cars, but also includes the possibility of installing a private swimming pool, adding to the property's charm. The panoramic views from the property are spectacular, encompassing the serene sea, the majestic mountains and the charming town of Adeje.

It is crucial to note that the property is being sold unfinished. While the main structures are in place, the two independent flats, swimming pool and garden areas require completion. This provides the future owner with the exciting opportunity to put their personal touch on this remarkable property, transforming it into a truly bespoke residence.

Don't miss the opportunity to own this extraordinary property in the centre of Adeje, a canvas waiting for your creative vision and finishing touches. Whether you are looking for a spacious family home or a lucrative investment opportunity, this property has the potential to fulfil your aspirations. Arrange a viewing today and explore the limitless possibilities this unique property
