Investment in Puerto de Santiago: sale of an established motorbike hire business. An excellent opportunity to acquire a well-established motorcycle rental business operating successfully for the past 9 years in Puerto Santiago, one of the most visited tourist areas in the south of Tenerife.

The business operates from a commercial premises of approximately 80 m2. The space includes a customer service area, storage space, and a bathroom. The premises also benefit from two rented parking spaces used for the business operations for €150 per month. The monthly rent for the premises is €1000 plus electricity, water, and telephone line costs. The company focuses on motorcycle rentals for tourists visiting the island, while also offering additional services such as the sale and purchase of motorcycles, spare parts, and mechanical service.

One of the main strengths of this business is its established structure and strong market presence built over nearly a decade of activity. The transfer includes the existing client database, operational systems, and website, allowing a new owner to continue operations immediately without additional setup.

The transfer price refers to the business only. The motorcycles are not included in the price and can be purchased separately.

This transfer represents a great opportunity for entrepreneurs or investors looking to acquire a ready-to-operate business in a highly touristic location with consistent demand.

Community fee: €30/month.
